

7 - 9th October 2020

in the case of the optimal COVID situation

5 - 7th May 2021

in the case of an unfavorable the COVID situation in 2020

Bratislava-Pezinok, Slovak republic
PALACE ART HOTEL Pezinok

**Advanced minimally
invasive techniques in liver, pancreas
and colorectal surgery under one roof**

**Sharing expertise from different specialties
and more about tumor biology**

PROGRAM

CONGRESS PRESIDENTS

Ferko Alexander, Prof., MD., PhD

Kala Zdeněk, Prof., MD., PhD

SCIENTIFIC COMMITTEE

Edwin Bjørn, Prof., MD., PhD

Grolich Tomáš, MD., PhD

Kendrick Alena, RN, BScN, MSc Clin Edu.

Kolomazníková Mária, Mgr.

Korček Jozef, Assoc. Prof., MD., PhD

Laca Ľudovít, Prof., MD., PhD

Mego Michal, Prof., MD., PhD

Örhalmi Július, MD., FASCRS

Parvaiz Amjad, Prof., MD., PhD, MBBS, FRCP, FRCS

Pechan Juraj, Prof., MD., PhD

Pindák Daniel, Assoc. Prof., MD., PhD

Plank Lukáš, Prof., MD., PhD

Ryška Aleš, Prof., MD., PhD

Surá Zdena, PhDr.

Škrovina Matej, MD., PhD

Váňa Juraj, Assoc. Prof., MD., PhD

Dpt. of Surgery and Transplant Unit,
Comenius University Bratislava,

Jessenius Medical School in Martin

University Hospital Martin

Czech Surgical Society

Slovak Surgical Society

VYZVANÍ PREDNÁŠAJÚCI / FACULTY

SECTION: Tumor biology

1. **Langner C/Austria:** A review on new "prognostic features" in CRC (tumor budding, fibrosis, tumor infiltrating lymphocytes).
2. **Plank L/Slovakia:** Liquid biopsy - circulating tumor DNA and its value in cancer treatment strategy.
3. **Reserve:** Oncologist/Champalimound centre/Portugal (not confirmed yet).

OPENING CEREMONY SECTION

1. **Žaloudík J/CZ:** Health CareSystem 31 years after „velvet revolution“. Invited commentary of surgeon, hospital director and a politician in one person.
2. **Dušek L/CZ:** Data, data, data ... ther impact on health care quality and price formation in health care system.
3. **Örhalmi J, Pavlík T/CZ:** Penetration of laparoscopy in colorectal surgery in the Czech Republic: evaluation of total costs in comparison with conventional open approach.

SCIENTIFIC PROGRAMME

SECTION: Congress opening lecture

1. **Brown G/UK:** Rectal cancer update: tumor response to neo-adjuvant treatment is a key, nodes are not so important and "Watch and Wait" protocol is reality.

SECTION: State of the Art Lectures

1. **Edwin B/Norway:** 22 years experience with laparoscopic liver surgery.
2. **Aldrighetti L/Italy:** Laparoscopic liver resection and re-resection for HCC.
3. **Ivanecz A/Slovenia:** External validations of difficulty scores for laparoscopic liver resection.
4. **Efanov M/Russia:** Robotic pancreaticoduodenectomy. What we gain comparing it to open and laparoscopic approach?
5. **Wittel, UA/Germany:** Pancreas saving procedures. Safe for a patient and safe for a surgeon?

SECTION: Colorectal 1

1. **Parvaiz A/UK:** Laparoscope and Robot: Are we more radical in ugly ventral rectal tumors invading fascia or seminal vesicles?
2. **Bujko K/Poland:** Rectal cancer: preoperative 5x5 Gy is enough.
3. **Brown G/UK:** Rectal cancer: not all T2 tumors are equal.
4. **Procházka, Kala/CZ:** Rectal Cancer. TaTME: do we achieve a higher radicality and fewer complications comparing to transabdominal TME?
5. **Korček J/Slovakia:** Locally advanced rectal cancer: preoperative parameters extending the indication for sphincter preserving surgery.
6. **Škrovina M/CZ:** Total mesorectal excision and functional outcome.

SECTION: Education/surgical technique “step by step” video presentations

1. **Edwin B/Norway:** Formal laparoscopic right hemihepatectomy.
2. **Aldgrighetti L/Italy:** Laparoscopic liver resection and intra-operative ICG navigation.
3. **Ivanecz A/Slovenia:** Laparoscopic resection of liver segment S6, S7 – right lateral sectionectomy.
4. **Korček J/Slovakia:** Sleeve transanal resection for low rectal cancer.
5. **Ferko A/Slovakia:** Laparoscopic extended right hemihepatectomy/ Martin.

SECTION - oncological board: Difficult mriT3/MF+ rectal cancer and synchronous metastatic liver involment

Challenger: oncologist/Dr. Porsok/prof. Ferko

Board: Parviaz, Aldrighetti, Ryška, Škrovina/colorectal surgeon, liver surgeon, radiologist, pathologist (opening word for 10 minutes, 3 cases from different institution analysis, step by step).

SECTION: Postgradual education 1

1. **Repák R/CZ:** Acute pancreatitis, definition classification and endoscopic intervention in biliary pancreatitis.
2. **Tachecí I/CZ:** Modern diagnostics methods in GI tract (from capsule endoscopy to confocal laser microscopy).
3. **Urban O/CZ:** Rare cholangiopathies.

SECTION: Postgradual education 2

1. **Oliverius M/CZ:** UEMS and surgical board exam.
2. **Belev B/Croatia:** Role of muscle and clinical nutrition throughout the cancer journey.
3. **Černý V/CZ:** Cardiac risk definition in patient scheduled for intra-abdominal non-acute surgery.
4. **Havel E/CZ:** Perioperative hypothermia. Still underestimated factor associated with postoperative complications.
5. **Dedinská I/Slovakia:** Acute kidney injury after liver resection in elderly patients.

SECTION: Colorectal 2

1. **Ignatjovic D/Norway:** Laparoscopic and Robotic D3/Right Hemicolectomy.
2. **Örhalmi J/CZ:** Laparoscopic right hemicolectomy: technical procedure modifications with respect to patient diversity.
3. **Luzon J/Norway:** Use of HoloLens when planning D3/Right Hemicolectomy.

SECTION: Education/surgical technique “step by step” video presentations

1. **Efanov M/Russia:** Robotic pancreaticoduodenectomy step by step.
2. **Vojtko M/Slovakia:** Laparoscopic transdiaphragmatic approach to the liver segments S7, S8.
3. **Slobodník/Slovakia:** Extra Glissonian approach to the right hemihepatectomy.
4. **Ferko A/Slovakia:** Laparoscopic caudate lobectomy with vena cava repair/Martin.

SECTION: Pancreas

1. **Ryška A/CZ:** Evaluation of risk of transformation of preneoplastic/early neoplastic pancreatic lesions into invasive cancer.
2. **Wittel, UA/Germany:** Neoadjuvant therapy in pancreatic ductal adenocarcinoma. What we achieve in borderline resectable tumors and in resectable tumors?
3. **Kala Z, Procházka/CZ:** Left pancreatectomy, techniques and modification.
4. **Sahakyan M/Norway:** Selection criteria for laparoscopic distal pancreas resection.
5. **Hlavsa, Kala, Procházka/CZ:** Pancreatectomy radicality evaluation.

SECTION: Liver 1

1. **Aldrighetti L/Italy:** Laparoscopic liver resections in synchronous liver metastasis. Optimal timing in respect to perioperative chemotherapy.
2. **Aghayan D/Norway:** Growth pattern in colorectal liver metastasis. An independent predicting factor for patient survival.

3. **Třeška V/CZ:** Postoperative liver failure prevention and techniques for FLR regeneration.
4. **Røsok B/Norway:** Liver ALPPS. Where we stand in 2020?
5. **Straka M/CZ:** Synchronous metastatic liver disease in colorectal cancer: up-front hepatectomy.

Postgraduate education 1

1. **Slabý O/CZ:** Clinical application of personalized medicine in GI oncology.
2. **Belan/Slovakia:** Pelvic MRI: anatomy and rectal cancer staging.
3. **Klos D/CZ:** HIPEC: current indications and own patients group analysis.
4. **Šlampa P/CZ:** Radiosurgery for liver and lung metastases.

Postgraduate education 2

1. **Örhalmi J/CZ:** Enterostomy and colostomy: types, modifications and technical aspects of procedure (zvážit do sympózia kolostomie).
2. **Korček J/Slovakia:** The modification of “bridge ostomy” for patient with non resectable rectal cancer.
3. **Miklušica J/Slovakia:** Transplant program, organ procurement and technique.

Notice:

The time schedule of individual sections and lectures, and their division into individual congress days will be published in the final program.

INFORMATION FOR PARTICIPANTS / INFORMÁCIE PRE ÚČASTNÍKOV

On-line registration/On-line registrácia: www.videoonkochirurgia.sk

Registration/Registrácia:

PALACE ART HOTEL, Pezinok, FOYER

Wednesday 5th May / Streda, 5. máj: **17.00 - 19.00**

Thursday 6th Máj / Štvrtok, 6. máj: **07.30 - 11.00**

Friday 7th May / Piatok, 7. máj: **07.30 - 09.00**

Accommodation/Ubytovanie:

PALACE ART HOTEL Pezinok

Mladobošlavská 5

902 01 Pezinok
